

## What is the Free WiFi For All program?

COSP is being closely implemented through the Free WiFi For All program created by the DICT. This program aims to provide internet access to public places covered by FIAPP.

### OTHER INITIATIVES UNDER COSP

- 1 Safer Internet Day for Children Philippines**  
An annual call to action in protecting children for safer internet use.
- 2 #StopChildPornPh**  
An online prevention project against child pornography by DSWD to empower children, parents / guardians, and other child-duty bearers.
- 3 SaferKidsPH**  
A 6-year program that aims to reduce incidents of online sexual abuse and exploitation by strengthening the child protection system.

## The Free WiFi is a child-friendly network.

### ACCEPTABLE USAGE OF THE FREE WIFI

- 1** Creation of positive online content for children or sites where they are free from threats of inappropriate content;
- 2** Promotion of the use of the free public internet as an educational resource for all.

### UNACCEPTABLE USAGE OF THE FREE WIFI

- 1** Access to child-inappropriate content or materials;
- 2** Hacking, phishing, spamming;
- 3** Any forms of discrimination, threats, harassment;
- 4** Cyberbullying;
- 5** Online gambling;
- 6** Copyright infringement;
- 7** All other unlawful use.

## 8 out of 10

Filipino children and adolescents are in danger of being bullied or sexually abused online

25.1%

of children in the Philippines report that they have encountered sexual images online for the past year.

SOURCE: Unicef, Philippine Kids Online Survey
